Dear Parents/Guardians,

During the last three weeks, your child has been working on the Egyptian Children's Book Project in both their ELA and Social Studies classes. Through this inquiry based research and literacy assignment, students were able to gain a better understanding of the history of ancient Egypt, as well as, the elements of a children's book.

They would like the opportunity to share their children's books with you. We invite you and any other family members to join us in celebrating their hard work. Students will be sharing their stories with family members, faculty, and students on Thursday, May 21, 2009 at 1:15 p.m. in the Sapphire Team wing. Please respond by Tuesday, May 19th.

Sincerely,
