Rhode Island's State Assessment Program

- A requirement of No Child Left Behind Act (2001). US government institutes accountability measures for States
- RI joins NECAP – New England Common Assessment Program
- NECAP is the only multi-state testing program in the country (Rhode Island, New Hampshire, Vermont and Maine)
- Result of developing core standards (GLEs /GSEs) in Math, ELA and Science
- Assessment results not only reflect student learning, but provides valuable information to school administrators, teachers, and parents to help them make informed decisions about student instructional needs.
