Our first awardee goes to a person who loves the students and staff of Feinstein Middle School. In fact, his commitment and love extends from Coventry Jr. High, to Coventry Middle School to Knotty Oak and now to Feinstein. His dedication to our students is extremely admirable, and he does this in so many ways.

Whether it is simply making connections with students in the lunchroom or leading our students to make decisions and plan events in our student council. This man gives of his time continuously and with a smile.

As the director of our annual Cabaret – now Showcase, he encourages students to step out of their comfort zone and share their talents. As the sound director of the school musical, he spends countless hours learning the show so that he will be prepared and sound will be seamless. He gives of his time to other schools in the district so that they can use our stage and technical resources to put on their own productions. For years, this man has done all of the planning for the 8th grade outing

for over 300 students. He does this on his own time and usually with a smile – except for last year when all 6 busses cancelled 48 hours before the outing. But this dedicated man spent two sleepless night making sure he secured another set of busses. Daily he criss-crosses the school, cleaning up spills, opening stuck lockers, doing teachers favors and admonishing students for not doing the right thing. All this and he is looking forward to coming back for his 36th year.

It is a pleasure to award this Crystal Apple to our man about town, Brian Skalski.
